THE NEWS OF THE WEEK.

A Daily Resume of Important Happenings.

DECEMBER 31.

Joseph Spivey, who created a riot in Oxford, O., last October in which he wounded two officers and two spectators, was given a sentence of twenty-five years in the penitentiary.

The Judges of the Superior Court of Cincinnati have appointed Levi C. Head and Samuel Hunt trustees of the Cincinnati Southern railroad to succeed John Carlisle and Harry R. Smith, deceased.

The gunboat Lexington and the torpedo boat destroyers Preble and Davis sailed from San Francisco for Panama in accordance with instructions received from the Navy Department.

Unless William H. Clifton, the star witness for the State in the Caleb Moore trial, shows up within the next few days his bond of \$10,000 may be declared forfeited. His whereabouts since the last trial have been unknown.

A dispute between Negroes that a mob of white men decapitated a negro from his home in Johnson county and shot him to death. No reason for the deed was given save that the white did not want a negro living in that section.

A meeting of the stockholders of the French Panama Canal Company was held in Paris yesterday. Nothing was done save the election of officers. The vote showed that the opposition to the position of the United States in the Panama matter was slight.

Lani K. Sidorow was placed on the stand at Grand Rapids, Mich., yesterday to testify in the bribery prosecution against McKnight and Nichols J. Boyd Pantland, a hotel proprietor, testified that on a previous trial he swore falsely because of his friendship for Mc Knight.

At the meeting of the directors of the Seaboard Air Line railroad in New York yesterday J. Skelton Williams resigned the presidency of the company and was succeeded by Vice President Barr. Mr. Barr's selection was urged by the interests which recently became dominant in the Seaboard system.

The Russo-Japanese situation is the chief topic of discussion in diplomatic circles in London. Opinions vary as to the probable outcome of the negotiations. United States Ambassador Choate said yesterday that he expected to see a peaceful solution of the controversy. Minister Takahira expressed the opinion at Washington that the outlook for peace is gloomy.

Broadstreet's annual review of 1903 says that it has been a year of irregularities in the commercial and industrial world. It declares that five years of unprecedented success undeniably produced financial and industrial excess. The retrenchment and working off of this excess during the past year has been done without any sensational bankruptcies or failures. Despite the irregularities in the steel, cotton and other markets, the review predicts that everything will be righted during the present year.

A Daily Resume of Important Happenings.

DECEMBER 31.

Fargo Squiers, the oldest son of United States Minister Squiers, was accidentally shot and killed at Oxford, O., last October in which he wounded two officers and two spectators, was given a sentence of twenty-five years in the penitentiary.

The Judges of the Superior Court of Cincinnati have appointed Levi C. Head and Samuel Hunt trustees of the Cincinnati Southern railroad to succeed John Carlisle and Harry R. Smith, deceased.

The gunboat Lexington and the torpedo boat destroyers Preble and Davis sailed from San Francisco for Panama in accordance with instructions received from the Navy Department.

Eight Louisville people were in the Chinese incident, two meeting death. They were Mrs. Frances Owens and her daughter, Miss Amy Owens. Their charred bodies have been recovered. Mr. and Mrs. Frank Felt, Mrs. D. K. Beath, Mrs. F. W. Samuels, Leonard Heywood, Dr. Robert Canine are the fortunate ones who escaped.

At midnight the death list of the Iroquois Theater fire in Chicago was placed at 585. Three hundred and thirty-six persons are missing and the injured number 656. Seven stage employees of the theater were arrested last night on the charge of being necessary to man slaughter. They were preparing to leave the city, and said they had a mind to do so by the assistant stage manager. Business has been almost stopped, and social functions have been declared off.

Information was brought to Union City that Columbian troops had landed near the Isle of Pines, probably to confer with an Indian chief. The cruiser Olympia and a gunboat were at once despatched to investigate the affair and report to Admiral Cogburn. Dispatches received at Washington from Columbian sources of a belligerent nature, but Gen. Hayes is trying to settle the difficulty on peace terms. He declares his country would have no choice in fighting the United States.

JANUARY 2

The New Year's reception at the White House yesterday was attended by nearly 7,000 people. President Roosevelt shook hands with all callers.

The Hon. John P. Newman, Circuit Judge, in the Campbell county judicial district, died yesterday morning at his residence in Bellevue, of a hemorrhage of the lungs, supervened by a long illness of pneumonia.

The steamer Burnside, plying on Cumberland river between Burnside and Burkeville, burned to the water's edge. The boat was valued at \$40,000, with \$12,000 insurance. A negro cabin boy lost his life in the flames.

With simple ceremony George B. Mitchell was inducted into the office of Mayor of New York, succeeding Seth Low. He promised that there would be no step backward during his administration of municipal government.

A fire visited Mt. Sterling early yesterday morning destroying the opera house, entailing a loss of \$153,000. Joe W. Barnes, a prominent citizen, and Frank W. Barnes, a negro, were killed by a falling wall while fighting the flames.

A report reached Colon yesterday that a Columbian gunboat had been sunk by American warships, but no confirmation of it could be obtained. All is quiet at Panama, with no indication of Colombian aggression at present.

The latest recompilation of victims of the Chicago theater fire shows the identified dead to number 581, unidentified dead 21, missing 302 and injured 112. Twenty-four Chicago school teachers perished and six others are missing. Mayor Harrison ordered an investigation made of all the play houses in the city, and as a result nineteen theaters were ordered closed until the projection is supplied. More arrests were made in connection with the catastrophe, but the responsibility has not yet been placed.

It is the general belief of the best informed diplomats at Pekin that war between China and Russia is inevitable and that it may begin in a few days.

The general opinion in Washington is that Germany is making a quiet effort to seize possession of a coal mining station at St. Thomas D. W. 1.

John A. Benson, who is under charges in connection with Western land frauds, has been arrested in New York at the instance of secret service agents. He is in jail in default of \$100 bail.

Judge Lodge, of Newport, says he is willing to serve the term for which Judge Newman was elected and give the salary to the dead man's family, but the law will not permit of this, it is claimed.

Experts have entered upon an investigation of the accounts of the Interstate Commerce Commission. There have been persistent rumors of irregularities, and the Treasury Department has determined to make a thorough investigation.

Mary Anderson, now Mrs. Navarro, recently appeared in song and recital two nights in London for the benefit of the poor, at which a handsome sum was realized. When interviewed she declared that she would never again return to the stage.

The four revenue agents appointed by Auditor Conder claim they were appointed for four years under the amended law and will refuse to give up their offices to appointees of Auditor-elect Haiger. Attorneys have been employed to fight the case.

The report that a Columbian gunboat had been sunk by an American warship is now accepted as untrue, but it caused no little excitement at Panama. United States warships are still patrolling the Isthmus coast. Gen. Reyes says his departure from Washington depends on when he gets a reply to his note from the United States.

Important changes in the theaters of Louisville will be recommended to the General Council by the Board of Public Safety and an ordinance will probably be passed carrying into effect these recommendations. Wider aisles, asbestos curtains and automatic sprinklers will be required. A fireman will be on duty during every performance.

Samuel Horner, a Philadelphia capitalist, has purchased 80 acres south-west of Louisville preliminary to erecting a munition plant for the manufacture of Portland cement. Acting for himself and others he will invest \$1,000,000 at the outset. The venture means employment for 600 laborers and the establishment of 150 cottages near the plant.

Hasty scenes were enacted at the Capital Hotel at Frankfort last night. Fifty members of the lower house and a dozen more Senators were there representing the advance guard of the legislative session. The race for speakership of the lower house was the ill-sorring topic, and the headquarters of each candidate presented a hasty scene. Candidates for offices from page up were on hand furthering their interests. It is conceded that Dr. Black of Barberville will be given the minority leadership will be given the minority leadership in the House by the Republicans.

Major Harrison yesterday afternoon issued orders closing every theater in Chicago except the Auditorium until they have complied with the sections of the ordinance regulating playhouses. The Auditorium is the only theater in Chicago provided with a steel roll curtain, and the Major says he is determined, as far as possible, to see that other theaters are similarly provided. Managers Davis and Powers of the Iroquois Theater and Building Committee Williams were arrested yesterday on the charge of manslaughter.

H. E. Hale, Capt. Miami Cycle & Mfg. Co., Middlebury, Vt., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble sold by all druggists."

FRIDAY, JAN. 8, 1904.

Democratic Ticket.

For President in 1904:

JUDGE ALTON B. PARKER,

—or—

SEN. ARTHUR P. GORMAN.

A public office is not private
property, but is used as such by
too many officials.

Superintendent of Public In-
struction Enqua announces that
Prof. W. A. Cassidy, of Lexington,
and Prof. M. L. Chowning, of An-
derson county, will be the new
State Board of Examiners.

The Courier-Journal has made
another bold stroke of enterprise.
On last Monday it established a
special train service between
Louisville and Lexington for the
express purpose of getting its
papers to Kentucky readers earlier
than it could otherwise do. The
train will run every day leaving
Louisville at 3:30 a. m., reaching
Lexington at 5:45.

In the full report of the vote of
Kentucky as published by the
Secretary of State we notice that
Lawrence county's vote for Circuit
Judge and the Constitutional
Amendment, as well as for one or
two other offices, was not given,
and the report indicated that the
vote in these instances was not
certified. The report gave Judge
Klinner's majority at 397, when it
should be 456.

In conversation with an official
of Ceredo, W. Va., recently, we
were informed that thirty-six per-
sons died there from smallpox
during the recent scourge. The
official stated that not one of these
persons had ever been vaccinated
so far as he was able to learn. In
every case where there had been
vaccination the patient had only
a slight attack. He urges thorough
vaccination as the only safe course.

The Kentucky Legislature met
last Tuesday with Hon. Eli H.
Brown, of Nelson county, as Speaker
of the House, and Lieutenant-
Governor Thorne presiding over
the Senate. The Governor's mes-
sage was brief, but very business-
like. He suggests that but little
legislation is needed, the most im-
portant being a uniform school
book law, longer term of all public
schools, a new State capitol build-
ing, and an appropriation for Ken-
tucky's exhibit at the World's Fair.

The theater fire in Chicago in
which 500 persons lost their lives
is the worst catastrophe of a simi-
lar nature in the history of the world.
The victims were mostly
women and children. The details
of the awful fight for life that
occurred within ten minutes among
those 200 people is sickening to
read about. The Iroquois was a
very fine new theater, opened two
weeks previous with an elaborate
production of "Mr. Bluehead,"
which was still playing to crowded
houses when the fire occurred. Sev-
eral owners and employees of the
theatre have been arrested for
manslaughter and all the other the-
atros have been closed by the May-
or until they comply with the laws
in regard to fire protection.

The New York Times publishes
interviews with thirty-two Demo-
cratic Senators and 150 members
of the House as to their preference
for a presidential nominee. Twel-
ve Senators and thirty Repre-
sentatives declared in favor of
Gorman, two Senators and twenty-
nine Representatives for Parker,

and one Senator and fifteen Repre-
sentatives comprising the Missouri
delegation, for Cockrell, with a
few each for Hearst, Grav, Battie
and McClellan. Seventeen Sena-
tors and sixty-seven Representa-
tives were noncommittal. Senator
Blackburn and Representatives
Smith, Sherley, Ray, Kehoe, Hop-
kins and Gilbert declared for Gor-
man, while Senator McCreary ex-
pressed no preference as between
Gorman, Parker and Gray. Repre-
sentative Trimble expressed a
choice for Parker, Gooch and
James, had none as between Gor-
man and Parker.

Proposed Legislation.

It is now certain that a bill will
be presented to the coming Legis-
lature, which convened Tuesday
providing an educational qualifi-
cation for voters, and it will be
fashioned after the Louisiana or
Mississippi law. If a constitu-
tional amendment is necessary, it will
be of the grandfather act variety,
providing that no son or grand-
son of any person entitled to vote on
Jan. 1, 1867, should be denied the
educational qualifications proscri-
bed by the Constitution, provided
he should have resided in the
State five years next preceding
the date of his registration, and
should have registered in accord-
ance with the terms of the article.
Representative Butler, of Living-
ston county, has the bill.

In addition, Carl Day, Repre-
sentative from the Forty-second
District, will introduce a bill to
prohibit white and colored chil-
dren from attending the same
schools. The two races are rec-
ognized at Berea College. Day's bill
will impose heavy penalties on
those who receive as pupils mem-
bers of both races in the same
school.

PAINTSVILLE.

Cold weather is prevailing....
The contractors for the construc-
tion of the dwelling houses of J. G.
Rico and John F. Howes are being
delayed on account of the cold
weather.... On last Friday the ex-
amining trial of Little Jeff Ward,
charged with killing William
Wright, was concluded. The court
held the defendant and set his bail
at \$3,000, which Jeff promptly filed
.... W. J. Ward, Sr., died at his
home Monday morning very sud-
denly. He had been sick a few
weeks, but had been going around
all the time. Monday morning he
was unable to get out of bed without
help, and when some of the family
attempted to help him out of bed he fell back and died in-
stantly. He was one of the wealth-
iest men in our county and was a
good and influential citizen, and
will be greatly missed.... Our
new town Board was sworn in yes-
terday, and while we have no criti-
cism for the old Board we hope
the new Board will make still
greater improvements.... A series
of revival meetings are being held
at the M. E. Church, South, by
Rev. Craig, assisted by our local
preachers.... L. D. Kennard was
at Salyersville last week.... D. J.
Wheeler is at Salyersville this
week prosecuting Montgomery for
shooting his brother.... T. S. Kirk
is visiting the Floyd Circuit Court
this week.

UP TUG RIVER.

At one of the whisky dens Alford
and Hayden Johnson met with a
horrible fate. A man named
Telliavar shot and doubtless fatally
wounded them, the ball taking
effect in one of their temples
going out at the other, almost un-
lapping his head. The other
struck close to the eye. The ball
was split by the skull bone and
one part went inside of the head,
while the other ranged above the
ear. They have been shooting at
each other on every side, cutting
one another with knives, disturbing
the public worship, and carrying
the country on in bad shape.

The good citizens are made to
wonder how long this will con-
tinue, and how long we will have
to serve God as David did when he
was escaping King Saul.

We have some as good people on
Tug river as are found anywhere,
but we have a few who are trying
to act the James and Young
Bros. We only need the Ken-
tucky laws put into full force.

The infant child of George
W. Williamson took its flight from
earth a few days ago after a long
sickness and has gone to join that
great throng of which Jesus said
the Kingdom of Heaven was com-
posed. We extend our sympathy
to the bereaved parents.

News Boy.

CADMUS.

Catt has frozen over and skating
is all the go.... John Young and
family have left for North Jellico.
V. B. Shortridge passed here re-
cently with a fine drove of cattle.
We are glad to say that Mrs. Dave
Carter, who has been sick for some
time, is improving.... Misses Lora
and Dora Roberts were shopping at
this place recently.

J. H. Ekers contemplates a trip
north in the near future.... San-
ford Pennington and Dave Lyons,
of Olovillo, made a business trip
to Louisville last week.... Walter
Riley and wife have returned from

NEW CITY OFFICERS.

Our Smallpox.

Almost A Clean Sweep in the Municipal List.

The members of the new City Council took the oath to discharge the duties of the office to the best of their judgments last Monday night, but transacted no business. Tuesday night was the regular meeting and there were a good many citizens present to witness the performance, and particularly to watch the disposition of the offices of City Attorney and Marshal.

All the commitment were present—S. J. Justice, R. A. Bickel, R. L. Vinson, D. W. Blankenship, Ira Wellman and Wm. F. Wilson, with Mayor M. O. Carter presiding.

After electing John G. Burns Clerk, Alexander Larkey Treasurer, and Charles Wellman Assessor, a majority of the council voted for Al. Wellman for Marshal. He gave bond with E. E. Shannon, C. M. Critcher, Wm. Fulkerson and N. H. McGaugh as sureties.

Three nominations were made for City Attorney and the vote stood, three for G. W. Skaggs, two for H. C. Sullivan and one for W. H. O'Neal. The Mayor indicated a bill that a majority (four) of the votes of the council are necessary to carry a proposition, but as Skaggs insisted that he should be declared elected, Mr. Carter withheld a final decision until a meeting of the Council for Friday evening of this week, at which time he is to either order the voting resumed or give the election to Skaggs.

The salary of the Marshal was fixed at \$50 per month and the court fees. He receives nothing for collecting the taxes of working prisoners on the streets, but gets pay for boarding prisoners.

The experience of the city during the past year has been that with officers who enforce the laws strictly the city received a profit from the Marshal's office on this salaried basis, while with others it came out behind even on a smaller salary.

Dam Near Catlettsburg.

Col. John L. Vance, of Columbus, President of the Ohio Valley Improvement Association, was a guest of the Commercial Club banquet Saturday night. His recent trip to Washington in the interests of the river improvements encourages him very much.

It was his first impression there would be no general river and harbor bill in this Congress. He has changed his views since talking with the committee. He is of the opinion that they will get a dam just below the mouth of the Big Sandy river, and locks and a dam near the mouth of Green river, below Henderson, Ky. He thinks they will go ahead and improve of Cullom's Illinois, which will be a great benefit to the Cincinnati harbor and make a nine-foot stage here.—Cincinnati Enquirer.

DISPLAYS

For the World's Fair to be Furnished by Big Sandy Committee.

The NEWS has had the same experience in two issues, and a somewhat embarrassing experience it has been, as we have intended to tell nothing but the truth. Just before going to press each time we have investigated the situation thoroughly as possible, and it seemed that everything was satisfactory and no prospects of new cases. We gave out this assurance, and one new case appeared just after the first issue was printed, and two more developed very soon after the next issue. Others followed until we now have a total of ten cases.

The cases not heretofore reported are: Elliot Marcus, John Herald, Mrs. Frank Pigg, and one child in each of the following families: Floyd Wellman, Ira Wellman, Milt Vinson, Ben Martin, and the widow Justice. The cases are all very mild except Elliot Marcus and John Herald, neither of whom had been vaccinated. Frank Justice and Anna Ross have recovered but are not yet out of quarantine.

All who were exposed have been quarantined to isolate themselves and remain so until all danger is past. Every one who falls to do so will be prosecuted. The laws are very severe on this point. The compulsory vaccination ordinance has been put into effect, and every person not satisfactorily vaccinated by next Sunday will be fined. We are informed by the authorities that a committee of physicians will visit every house after the limit expires and examine the occupants.

As another safe guard against spreading the disease the Board of Health requests that no Sunday School or church services be held next Sunday, and people are advised to not congregate at the post office. The Board of Health believes it has the situation under control. The public has been making strong demands on them to isolate all exposed persons.

Exaggerated reports are going on, of course, but this is always to be expected. Business is going along as usual, there being no occasion for doing otherwise.

CASPER.

The Sunday School at Sulphur Springs has gone into winter quarters. ... Miss Eliza Jackson, of Estep is visiting friends at Louisa this week. ... Miss Gertrude Fleischbach, of Ceredo, W. Va., who has been visiting the Misses Miller has returned home. ... Curt White, who has been sick for some time, is improving. ... John Wellman and wife spent Christmas with home folks and have returned to their home at Walbridge. ... There will be preaching at Sulphur Spring the 3rd Sunday by Rev. Bellomy. ... Ira Vanhouse, of Burl Branch, has moved to his new home at Casper. ... Pharoah Miller attended church at Grassland last Sunday. ... A. Ogle visited his sister, Mrs. Tillie Vanhorn Sunday. ... Anna and Allene Kinner spent Christmas at Ashland. ... Let us hear from "Evergreen again."

Hose Hud.

DWALE.

G. M. Lavin has bought a nice lot from J. A. Hegley and is preparing to erect a fine hotel near the railroad line. ... Work on the railroad is progressing nicely and everything is prospering.

Mrs. M. A. Kendall, of West Liberty, has been visiting Col. J. O. Davidson and Reb. Kendall arrived in our little town Xmas eve. ... Misses Hinch Bodle and Fannie May, two handsome young ladies of Paintsville, have been visiting Mrs. W. K. Allen and J. W. Hatchet. ... Hon. J. M. Kendall, of Alpharetta, is among our new visitors. ... Sam Hatcher is preparing to build a large furniture store. ... Thos. Salmon is building a hotel in the upper end of town. ... C. M. Hunter, wife and Brice Hinkley, engineers in charge of the railroad work, have returned home from Virginia, where they spent Xmas. ... A new line of railroad is starting up through the Beaver Valley. The proposed line commences in the head of left Beaver to the fine coal openings on the Daniel R. Johnson land, thence down main Beaver to the forks and down on right hand side of Beaver, running out just below J. W. Hatchet's store, intersecting the C. & O. at this point. The line opens about fifty miles of the richest coal and mineral lands in the Sandy Valley. ... There has been a great deal of speculation as to where the depot will be, and the latest report is that it will be in the house the railroad purchased from J. W. Hatchet. ... Sam Hatcher has been selling some town lots, several new houses are being erected, and city officers are being talked of. The chief race seems to be for Police Judge and is waxing warm between A. L. Woods and Thomas Bentley, and Drew Porter and Tim Stevens are groomed as dark horses. ... We hope the people of the 10th Congressional District will do the right thing by returning to Congress that able fearless champion of the plain common people, the Hon. F. A. Hopkins, who has spent his money and the best years of his life for the Democratic party.

Circuit Court.

Last Monday was the time for one of the three regular terms of the Lawrence Circuit Court to convene. It was also the day on which newly elected officials of the district and county are required to qualify.

Judge S. G. Kinner and prosecuting Attorney John M. Waugh were present and took the oath of office. Bert Shannon, the new Circuit Clerk, was sworn in. The grand jury was empaneled and instructed. A question was then raised as to the advisability of holding court, because of the fact that there were seven cases of smallpox within the limits of Louisa. It was finally decided to adjourn court, discharge the jury and continue all jury cases until the April term. Court will convene again next Monday for the trial of equity cases.

Salyersville, Ky.—Little progress so far has been made in collecting exhibits for the St. Louis Exposition from Magoffin county, here has not given up hope of getting together something worthy in time for the big show. It is certain that the county will be represented through photographs if in no other way. W. S. Flint, of Salyersville, has undertaken to make a number of views for the Kentucky Exhibit Association and his collection gives promise of being highly satisfactory.

Hindman, Ky.—Knott will doubtless have displays in many different departments of the World's Fair in St. Louis, but up to this time only two have been arranged for. One is of the Whitehouse variety, two barrels having been sent to the Kentucky Exhibit Association from the Standard Oil Co., and the other is an educational display from the W. C. T. U. Settlement School at this place. Miss May Stone is looking especially after this exhibit. It will consist chiefly of manual training work, a new feature of this school.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are not of order.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Klim's Swamp Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder, and even the ordinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night to void the extraordinary effect of Swamp Root.

It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c, and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it sent you absolutely free by mail, address Dr. Klim & Home of Swamp Root Co., Birmingham, N. Y. When writing mention reading this generous offer in this paper.

Only One Convict.

The original penitentiary at Frankfort was built about 100 years ago, and it is a fact that for the first year after it was completed there was only one prisoner confined within its walls, and he was a horse thief. Since then it has several times been enlarged, and is now crowded beyond the rules of good health or the original ideas of the builders. At present there are about 1,300 convicts on the rolls, and the number is increasing slowly but surely. What a change from the days when the lone horse thief was monarch of all he surveyed inside the prison walls.—Winchester Democrat.

GERMAN SYRUP.

We want to impress on our readers that Boche's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gins, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease be in the throat or lungs, must have rest at night, and be free from the spasms of dry and hacking cough in the morning. The diseased parts want rest, healing and soothng treatment, and the patient needs fresh air, good food, etc., German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles 25 cents; regular size, containing nearly four times as much, 75 cents. At all drug-gists.

Miss Frances Poffit, of Galway, N. Y., got judgment at Albany for \$3,000 for the 1,250 kisses given her by the village blacksmith.

The many friends of G. H. Haas, Engineer L. E. & W. R. R., at present living at Lima, O., will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially trainmen who are usually shirky affected. Sold by Louisa Drug Co.

Mrs. W. T. Richardson, a boarding house keeper in Detroit, was removed coal by the clerk in coal office, and getting her change ready, and drawing a revolver, she held him up for a received bill for a ton of anthracite at \$7.50.

PPOVERBS

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, *i.e.*, a sample free.

Be sure that this picture in the form of a label is on every bottle of Scott's Emulsion you buy.

BLAINE.

I think A. M. A. is quite right in his position so far as the relation between the child of God and the kingdom of Christ is concerned, as paradoxical as it may seem, yet it is more the less true that God's children are in His Kingdom and His Kingdom is within them. Many one fails to see how this can be; then let him apply the colored preacher's illustration. The colored preacher was accused by one of his brethren, of preaching an absurdity, when he declared with all the eloquence of his soul that we were "in the spirit and the spirit in us." In defense of his statement and in order to make the matter clear to his distressed and much perplexed brother he said: "you stick the poker in the fire and heat, in red hot, realize it stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

REFUGEE.

Mrs. Louisa Shortridge is visiting her son, Dr. A. H. Harman, this week.

Mr. C. W. Jones had a fine time playing Santa Claus for the children on New Years eve.

Walter Riley and wife have returned home from a visit to relatives on Cherokee.

Dr. A. Harman made a flying trip to Brumley Gap last week.

Uncle Andy Cooksey passed down our creek one day last week.

Geo. N. Fields, of Boyd county, made a business visit to Catt last week.

Kent County Fugitives.

Stomper Sloan and Flem Mercer, fugitives from Kentucky justice, were arrested by our city officers a few days ago.

On Tuesday Kentucky officers came and took the prisoners back to Knott county.

One had committed murder and the other forgery. Our town officials received fifty dollars for their trouble.

Descendant of Daniel Boone.

Jason L. Webb, 81 years old, oldest member of the remarkable old Webb family, direct descendants of Daniel Boone, the famous Kentucky hunter, died in his residence in the crossroads business.

Hillie Whit, of Webbville, was visiting Uncle Slasher Carter and wife Sunday.

Mrs. A. Kiser was visiting Mrs. Martha Roberts last week.

Mrs. David Carter, who has been sick, we are sorry to say is no better.

Congressman J. A. Hughes.

Some of the Republicans of this Congressional district are endeavoring to create sufficient feeling against Mr. Hughes to prevent his renomination in the next Republican convention, but it remains to be seen what will amount to. Congressman Hughes has the reputation of being a hard worker, and has a large following who will rally to his standard and make it very warm for his opponents.—Williamson West Virginian.

Aged Pike County Woman.

On the morning of December 21, 1903, Mrs. Sally Taylor died at the home of her daughter, Mrs. K. F. Leslie, of Johns Creek, Pike County, Ky. She was born in Pike County January 26, 1810, being at the time of her death nearly eighty-four years of age. She was widely known and greatly respected, a member of the Baptist church for more than sixty years. The poor never went unreheled from her door, and many a suffering brow has felt the gentle touch of her hand. After a long and well spent life she has gone beyond to join the husband and children who went before, and to watch for the remaining two, Mrs. Leslie and Mrs. Ben H. Williamson, of Cottontown, Ky.—Williamson West Virginian.

In Bed Four Weeks with La Grippe.

We have received the following letter from Mr. Roy Koup, of Angola, Ind. "I was bed four weeks with la grippe and I tried many remedies and spent considerable time in treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and now I use it exclusively in my family." Take no substitutes. Sold by Louisa Drug Co.
